- ◆ Propose the best procedures/acquisition of rights according to the applicant's needs.

Features of our foreign application and rights acquisition services

Quality

With our wide expertise in technology, English, and legal systems, we will identify the essence of your inventions and obtain rights that can be used throughout the world.

Cost

We will carry out overseas applications and acquire the rights that meet your needs at a reasonable price, including the cost of overseas patent attorneys.

Service

In cooperation with our overseas partners, we are experts in the most appropriate rights acquisition procedures under the legal systems in each country.
